### **DETAILED ACTION**

1. Claim 1 is pending in the instant application.

#### ***Information Disclosure Statement***

2. The information disclosure statements (dated January 26, 2009 and January 30, 2009) were in compliance with the provisions of 37 CFR 1.97 and 37 CFR 1.98. The statements were considered. Signed copies of form 1449 are enclosed herewith. The lined-through references were not considered because copies were not provided.

#### ***Response to Amendment/Argument***

3. The amendments and remarks filed on November 20, 2008 have been fully considered, however, they are not successful in overcoming the outstanding grounds of rejection. The prior art rejections over Barbachyn et al., Meng et al., and Pearlman et al. are maintained and hereby made FINAL. The following is noted:

“the art teaches that IR data is reliable to differentiate between crystalline polymorphic forms. Applicant has provided XRPD data and IR spectra for the claimed polymorphic form, and demonstrated that IR data show the polymorphic forms as taught in the Barbachyn, Meng, and Pearlman references are distinct from the claimed polymorphic form III linezolid.”

For the reasons provided in the office action dated May 22, 2008, it is maintained that IR data is insufficient to unambiguously distinguish different polymorphic forms.

#### ***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
